---

Greg,

As of 8:00 am on August 27, 2012, all DEQ tasking for the Bayou Corne NG Seep Incident have been suspended until further notice. Once the storm passes and it is deemed safe to resume operations, the EPA Start Team On-Scene Coordinator and Manager will be contacted to resume Air Monitoring at the Texas Brine Facility. If you have any questions, please contact me at (225) 219-3341.

Thanks,

**Louis Martin-ES III**

Karen do you have an email contact with LSP (Taylor Moss?) to get a criteria for ceasing the 24 hour drill monitoring due to hurricane. When will the monitoring crew be released?

Chris,

I was able to connect to my wireless connection at home. So, if you could forward Captain Moss's e-mail address or contact number, I will contact him to find out when State Police will make the call to cease operations for the Bayou Corne NG Seep Incident. And I will forward that information to EPA.

Thanks,  
Louis Martin
